

Confine the Swine

Help Support the Elizabethtown Fair Agricultural Complex by sponsoring a pig pen!

The Elizabethtown Fair Ag Complex has experienced exponential growth in livestock exhibits within the past few years. It is our wish as a community organization to encourage the agricultural growth in our youth. The swine barn is one of the last buildings to be renovated and it is in dire need of new pig pens. As a part of this process the Elizabethtown Fair Ag Committee have put together the campaign “Confine the Swine” to raise support for the purchase of new pig pens before the 2018 Elizabethtown Fair. We have DC Welding and Spayd’s Welding offering their services to customize the pens and we would also appreciate your support with this renovation. Each pen sponsorship will include: A custom engraved name on the pens purchased and a mention on a banner at the 2018 Elizabethtown Fair. If you have further questions please contact Sharon Fullerton, Chairperson of Elizabethtown Fair Ag Committee.
